

ST JOHN'S STONEFOLD CE PRIMARY SCHOOL

KS1 AUTUMN 2 HOMEWORK GRID

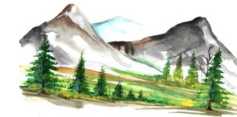

Please read your reading book 3x a week!

In DT, we are making moving mechanisms! I wonder if, out of different materials you can find at home, you could make an object that can move?

We are learning all about 'Amazing places in the UK' in geography. Do you have a place in the UK that you think is amazing? Can you draw it for me and label it?

Can you write a letter to someone who has shown you kindness?
Can you thank them for their kind act?

Please can you practise your spellings each week by writing them down three times over.

Can you create a firework picture and find out who is Guy Fawkes?

Can you write a Remembrance prayer?

I wonder if you can make 20 by using 2 different numbers every time. Write down your answers (don't forget to show your jottings).

Christmas is just around the corner; I wonder if you could write a beautiful joined up list of all the things you would love for Christmas.
